

Lilly Thurman

My Major

I am a Business Marketing/Management Major. After college I plan on using my degree to become a business owner. I have always liked being in control so I think entrepreneurship is a good path for me.

Technical Background

In school I have become proficient in using Microsoft Word, PowerPoint, and Excel. I also have experience with Adobe Acrobat and Canva using them for poster and Ad design.

About Me

I am from a super small town in Northern California called Portola. I graduated with the same people I went to kindergarten with, there was about 28 of us. After Highschool I decided to attend UNR because after the first tour I took I knew this was the school for me. One of my favorite hobbies is to workout at the gym on campus and hangout with my friends. I am really looking forward to learning how to integrate AI into online content.
